DVERTISING
Has created many a new business;
Has enlarged many an old business;
Has revived many a dull business;
Has rescued many a lost business;
Has saved many a failing business;
Has p....ed many a large business;
And insures success in any business.

'S SECRET.—Stephen Girard used to say:
"I have always considered advertising li-
long to be the great medium of success in bus-
the prelude to wealth. And I have made it
le rule to advertise in dull times as well as the
g experience having taught me that money
is well laid out, as by continually keeping my
tore the public it has secured many sales that
e would have lost."
ADVERTISE YOUR BUSINESS.
YOUR NAME BEFORE THE PUBLIC.
S ADVERTISING INSURES A FORTUNE.

DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO OCTOBER 28.

EASTERN STATES.

A Noble Letter.

NEW YORK, Oct. 28.—Geo. H. Stewart, Chairman of the Executive Committee of the Board of Indian Commissioners, on seeing in the papers a report that President Grant contemplated a change in the Indian policy, addressed him a note to which the following reply was received:

MY DEAR SIR: Your letter of the 24th instant, asking if any change in the Indian policy of the Administration is contemplated, is received. Such a thing has not been thought of at present. If the policy toward the Indians can be improved in any way, I will always be ready to receive suggestions on the subject. But if any change is made it must be on the side of the civilization and Christianization of the Indians. I do not believe our Creator ever placed different races of men on this earth with the view of having the stronger exert all its energies in exterminating the weaker. If any change takes place in the Indian policy of the Government while I hold my present office, it will be on the humanitarian side of the question. Very truly yours, (Signed), U. S. GRANT.

Address to Minister Washburne.

NEW YORK, Oct. 28.—The representatives of two German-American Associations presented Elihu B. Washburne an address, expressive of the grateful recognition of his kindness toward the German residents of Paris during the war, not only in carrying out the liberal instructions of his Government, but in the voluntary sacrifice of his own personal comforts and in giving cheerfully from his own stores to the needy and starving Germans. Minister Washburne, in reply, says the credit for his acts is due to the Administration of President Grant, under whose specific direction he complied with the request of the German Government to assume the protection of Germans in France. He felt that he correctly interpreted the feelings of the Government and people of the United States, when he followed the inclination of his own heart, in doing what he did. If he was able to send 30,000 Germans out of Paris before the gates of the city were finally closed, it was because of the unbounded liberality of the German Government, which furnished the means. The French Government gave him every support. If he was able, during the last terrible days of the siege, to secure protection and furnish the means of support to 30,000 Germans who flocked to our legation, it was because the government of the national defense caused his position to be respected; and if he was able, after the siege, to continue that protection, it was because he had the support of the French Republic, and the illustrious man Thiers at the head of Government. Perhaps, says Washburne, nothing could better exemplify the power of our country and the respect paid to our flag, that the Commune of Paris, in its career of crime and blood, released on my demand more than a hundred Germans who had been thrown into prison, guiltless of any crime, and subjected to frightful persecutions.

Progress of the Horse Malady.

NEW YORK, Oct. 28.—The horse disease is making alarming progress and shows a marked decrease in the number of horses on the streets and at the hack stands. Almost every horse in the street is affected more or less, and half are blanketed.

ALBANY, Oct. 28.—The horse disease is rapidly on the increase here. Street cars are mostly withdrawn, and business of all kinds is greatly interrupted.

PROVIDENCE, Oct. 28.—Probably three-fourths of the horses here are afflicted. Few cases have resulted fatally.

CAMDEN, N. J., Oct. 28.—Twenty new cases of the horse epidemic here.

WATERTOWN, Oct. 28.—The horse disease is rapidly spreading in this locality.

BANGOR, Oct. 28.—The horse disease is spreading rapidly and a large proportion of all the horses in the city are more or less afflicted.

LOCKPORT, N. Y., Oct. 28.—Six horses have died of the horse disease, and other fatal cases are feared.

PHILADELPHIA, Oct. 28.—The horse disease broke out here to-day, and 40 cases are reported.

American Raid on Mexican Border.

NEW YORK, Oct. 28.—A special from Washington says telegraphic advices have been received here of a raid over the Mexican border a few days ago by a gang of American marauders living along the Rio Grande on the Texan side. The sole object of the raid seemed to be plunder. When Mexican officers attempted to impede their progress, the ruffians murdered the Alcalde and several Mexicans, and then set fire to and completely destroyed all the houses in town. During the fight which ensued, two Americans were killed. Steps have been taken by the military authorities along the Texan border to arrest the entire gang, in order that their lawlessness shall not go unpunished.

NEW YORK, Oct. 28.—Bench warrants were issued to day for the arrest of James H. Ingersoll and John D. Farrington, charged with forgery. Farrington, it is alleged, made out a bill against the city for $20,000 for work done, and forged the indorsement of E. A. Heath thereto. The grand jury is said to have found a further indictment against city officials in eighteen cases.

BY ATLANTIC CABLE.

From Berlin.

BERLIN, Oct. 28.—There is a conflict between the upper and lower house of the Prussian Diet on the country reform bill which provides for local self-government in the rural districts. The bill, which was adopted by the Chamber of Deputies in its last session, came before the House of Lords during the present session, and has met since with determined opposition. The majority of the Deputies threaten to resign if the upper house refuses to pass the bill. The Emperor has declared in favor of it. The President of the House of Lords was received yesterday by the Emperor who spoke to him about the dead lock in the Diet, and insisted that the Lords should bring it to an end by passing the measure which the lower house had adopted.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 29.—The mail brings Liverpool grain circulars of October 1st and 4th, regular market days, in which California average wheat is quoted at from 13s 3d to 13s 8d, and club at 13s 9d to 14s. These prices, officially given, correspond with the report of the market made through the associated press at the times mentioned.

The contract for supplying the City Hospital with provisions has been let at 22½ cents per day for each inmate.

Pools for the Wednesday race: Lucy sells for 100, Occident 35. Time bets were made as follows: 2:19 and under, $36; 2:20 and under 2,21, $40; 2:21, $50.

All the vessels recently arrived have been chartered to load wheat for England. The terms of charter are made public, viz: £4 10s per ton.

D. C. Gilman, the newly elected President of the State University, arrived here last night, accompanied by his family.

About 10 o'clock this morning a sick and dying Chinawoman was deposited on the Montgomery street sidewalk, by some of her countrymen, and left to die.

SAN FRANCISCO, Oct. 29.—In the stock market this afternoon there was a reasonably large number of time sales, over 3,700 shares having been purchased on a margin.

Mrs. Pitts Stevens states that she has received a dispatch from George Francis Train, stating that Greeley had withdrawn, or would withdraw from the contest.

The underwriters met this evening, and adopted resolutions relative to the death of G. W. Mowe, late State Insurance Commissioner.

The N. P. Coast R. R., has commenced suit against S. R. Throck, on motion to recover $30,000 due on stocks of the Company, subscribed for by him.

Senator Cole will start for the East on Thursday morning.

In accordance with the wishes expressed by Democrats in the respective Congressional Districts of the State, the straight-out Democratic Committee to day finally concluded to print their tickets with candidates for Congress as follows: First District, W. D. Sawyer; Second District, G. W. Hunter; Third District, J. N. Barlache; Fourth District, J. H. VanNess.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCTOBER 29.

EASTERN STATES.

The Mayor Hall Trial.

NEW YORK, Oct. 29.—The case made out by the prosecution is regarded as very weak, by Hall's counsel. The prosecution does not aver that Hall had any share or participation whatever *in the plunder. It is understood that O'Conor* declined to be counsel for the prosecution, owing to a belief that the Mayor was not guilty under the indictments. A speedy conclusion is looked for. The court was greatly crowded at the opening. Hall said he had been advised by his counsel that, with the exception of some documentary evidence requiring argument, there had been no testimony which the law does not respect as absolutely untainted; therefore, as there was nothing in the case calling for answer by way of evidence, he would waive the defendant's right to have a hearing by the counsel before a jury. He was willing to submit the case on the evidence of the prosecution under the charge of the court. The prosecution announced that they should address the jury. Buckley, of the Mayor's counsel, submitted requests to the court, to be incorporated in the Judge's instructions to the jury.

The parties for whom warrants were issued yesterday, are ex Assemblyman Isaac Robinson and E. Castello, both members of the Board of Assistant Aldermen, charged with attempting to obtain $75,000.

On Sunday morning, burglars carried off $4,000 worth of silks from the store of Isaacs & Co., 370 Broadway.

Bad Registration.

MEMPHIS, Oct. 29.—It is reported that Gov. Hadley has declared the registration in six townships of Mississippi county, Arkansas, including Osceola, null and void.

Horse Disease.

NEW YORK, Oct. 29.—The horse epidemic may be said to be at its worst here, but notwithstanding the widespread suffering and numerous fatal cases yesterday, the disease is thought by many experienced horse men to be declining.

An Oswego dispatch says many horses in the surrounding country are attacked, while great depression exists among forwarders and shippers. Canal freights to New York and tide water have risen to 13 cents a mile, and are still advancing. The distemper is becoming general in the northern part of the State. The disease is still on the increase.

ELMIRA, N. Y., Oct. 29.—The horse disease is rapidly increasing here. A hundred horses now suffering, with superior care will most of them recover. Nearly all belong to the street railroad companies.

SPRINGFIELD, Mass., Oct. 29.—*The horse disease* is now at its height. In 14 stables 300 horses out of 350 are sick. A horse valued at $300 has died. Street cars have stopped running. Business generally is interrupted. Holyoke, Westfield, Palmer and other towns are afflicted.

Horse Disease Abating.

BOSTON, Oct. 29.—The horse disease is evidently taking a more favorable turn. A marked improvement is reported in nearly all the cases *under treatment. Some days must elapse* before recovery. A few street cars continue to run and there is a small increase in the number of express and job wagons.

OSWEGO. Oct. 29.—Over two thirds of the canal horses are affected. Tugs were sent out yesterday to pick up two boats on the canal.

WASHINGTON CITY.

Arrival of Minister Washburne.

WASHINGTON, Oct. 29.—Minister Washburne arrived this morning. He had an hour's talk with the President.

NOVA SCOTIA.

HALIFAX, Oct. 29.—The horse epidemic has appeared.

BY ATLANTIC CABLE.

From London.

LONDON, Oct. 29.—Lord Moss's country seat at ...merick was burned last night.

UTAH.

SALT LAKE, Oct. 29.—The Hayden exploring party, goes East to-morrow.

Chief Justice McKean, overruled the motion for a new trial *in the case of Page vs C. P. R. R.* The evidence of the defence being heard.

Another heavy storm last night, weather now clear and cold. The railroad is not retarded.

NEVADA.

CARSON, Oct. 29.—Gov. Woods of Utah, is addressing a very large and enthusiastic meeting here this evening. The Virginia Glee Club is present and warmly received. Gov. Booth will address the citizens of Carson next Saturday.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 29.—Not a vessel of any character has entered port to-day, nor has one been sighted outside the heads. The first time for months that such a dearth of arrivals has occurred.

The sky is clear and there is now every prospect for a fair day to morrow.

The steamer *John L. Stephens*, from Portland, is now overdue.

San Francisco has never been so quiet as it has thus far this evening.

The editor of the *Republican*, who was arrested to-day for libelling P. J. White, in connection with the Sime estate, says he is determined to prove the truth of his statement. The *Republican* claims to-night that over $200,000 of the funds of the estate have not been accounted for, but this statement is generally looked upon as rather wild, to say the least.

The steamer *Costa Rica* from Panama and Mexican ports will be due to morrow.

Twenty vessels are now loading wheat for Liverpool. The last ship that chartered here for loading wheat was engaged at four pounds, five shillings and six pence a ton, a reduction of about one dollar a ton on rates of freight hitherto prevailing.

The sugar refineries to day marked their sugars down half a cent. a pound.

All of the $600,000 in gold notes of the National Gold Bank and Trust Company, are in circulation.

Thirty wheat cargoes have cleared this month, and six more are ready to sail.

Overland passengers—R. Lighton, Puget Sound; E. Burroughs, Oregon.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, Oct. 29.—A marked increase of travel to Arizona from San Francisco and northern portions of the State.

The *Daily News* hoists the name of S. P. Van-Ness of San Luis Obispo, as straight out Democratic nominee for Congress for this District.

The late severe gale blew off a large part of the apple crop. Oranges suffered but little. The damage to trees was trifling.

DOWNIEVILLE, Oct. 29.—Hon. J. K. Luttrell, Liberal Republican candidate for Congress is now speaking to a large crowd at Armory Hall.

BY STATE TELEGRAPH.

SALEM, Oct. 29.—T. Egerton Hogg, proprietor of several road companies, representing over two million acres of land in Oregon, has been appointed by Governor Grover, as one of the Commissioners to attend the International Exposition at Vienna, in May, 1873.

Governor Grover returned two immigration bills to the Secretary of State, with his veto and reasons therefor, last Saturday.

The *Mercury*, a Democratic paper has ceased to appear as a daily, only the weekly edition is published.

Rain has fallen almost steadily since Wednesday.

Mr. Speaker has commenced a suit against the proprietors of the *Standard* newspaper of Victoria, to recover $10,000 damages for libel.

THE TERRITORIES.

The Seattle paper reports that W. F. Newland has purchased the steamer *Mary Bell* and intends placing her on the route between Seattle and Bellingham Bay.

One of the candidates for Auditor of King county, W. T., finds it necessary to publish a card assuring the dear people whose support he seeks that he can write a legible hand.

According to the Salt Lake papers, the Central Pacific Railroad Company is carrying merchandise from San Francisco to Ogden, 881 miles, at the rate of 90 cents per 100 pounds, and carries ores and base metals from Salt Lake to San Francisco at $10 per ton, or ½ cent per pound.

The running nag "Trifle" which won several races in this State during the past fall, came out a trifle behind at Seattle last week. She was beaten by "Tom Murry" her half brother owned on the Sound. At the same race Gird's horse "Buckskin Bill" took a purse of $200 four mile heats beating "Jack Cade."

The following is from the Olympia *Tribune* of the 20th: "It is rumored that Gen. Milroy discovered that the settlers in the Quillehuyte county had cut a road across the Neeah Bay Indian Reservation, in order to get overland from their homes to Port Townsend. He immediately closed the road, and, when the settlers caught him, a few days since, they put him under arrest and detained him by force. He sent word to Port Townsend, and thence to Washington. In reply the cutter *Lincoln* was ordered to his relief. We give the story as we heard it.

The following is from a Montana Exchange: "Two Chinamen were gambling at Philipsburg a few evenings since. One was a resident of that place, the owner of a woman, and the other from Pioneer, who wanted her. She was put up by the Philipsburg Chinaman against so much money by the fellow from Pioneer. The Pioneer won and brought his prize home. Philipsburger followed, reached Pioneer, and seeking out the woman on Thursday evening, plunged a knife into her body, cutting a frightful wound close to the heart, from all indications necessarily fatal. The murderer fled before he could be arrested, and is yet at large.

Some days ago while two young ladies were stopping alone in a house in the suburbs of Olympia, another woman, whose appearance was very strange, entered the house and making some unaccountable demonstration so frightened the two girls that they ran into a room and locked themselves up. The visitor then went through the house searching it pretty thoroughly, and turning things topsy turvy generally, but carrying nothing away. After she had gone the girls came forth from their hiding place, but one of them was so seriously alarmed that she has since become totally insane and has been taken to the asylum at Steilacoom. The antecedents or present whereabouts of the woman who caused the sad misfortune are not known.

POLITICAL NOTES.

Massachusetts is now the State where John Cochrane's "prairies are on fire" and the "woods full of Greeleyites."

There is a perfect flood of "addresses" just now from Democratic and Liberal Committees. They are capital at words, but when it comes to deeds they completely fail.

The fact that 12,000 less votes were cast in Philadelphia last Tuesday than in 1868, in a sufficient answer to the transparent charges of fraud made by the Greeley screechers.

Speaker Blaine made a speech in Chicago the other night, to an assembly of ten or twelve thousand Republicans. The Greeley boasts of a "tidal wave" in Illinois are evidently without foundation.

Greeley's case being utterly hopeless, the stampede of his Democratic support to O'Conor is becoming lively. The passional attraction of the party for anything symbolized by a black bottle is irresistible.

The *Tribune* protests that the Liberals are not disheartened. "Methinks the lady doth protest too much." If they were not in a very bad way, these repeated assurances would be singularly out of place.

Our Republican friends are uncharitable in claiming all the States for President Grant. The Greeleyites want some ground for a cemetery. For that purpose Georgia will be a good location, and none should object to conceding it.

Mr. Stanley, the discoverer of Livingstone, has been ordered home, and will at once attempt to discover the "large Liberal gains" in the October elections, the chances of Greeley's election, and the truthfulness of the New York *Tribune*.

The Washington *Republican* says: "Outlaw Reid was paid $250 per month in 1864 for defaming Mr. Lincoln in the interest of Mr. Chase. He has been again paid for defaming another Republican President in the interest of another renegado Republican. Reid as a hired slanderer failed in 1864. He has again failed in 1872."

Hon. John Ferris, of Michigan, one of the original Cincinnati Convention men, and at first a supporter of Greeley, has publicly repudiated him since his untruthful attack on the soldiers and his repetition of his blunder of twelve years ago in reference to the "right" of secession.

The tidal wave has *drowned* Greeley, swamped the Democracy, and washed Liberal Republicanism out of sight. Its subsidence will leave T. A. Hendricks poised on the very edge of the gubernatorial chair, holding on for dear life, and not a friend near to give him a helping hand.—*Indianapolis Journal.*

Sacramento has a novelty called the "Flying Bakery" which consists of a covered wagon, handsomely painted and drawn by a double team, conveying a small cooking range on which waffles of excellent quality are baked by two cooks, and sold to those desiring them at a low figure. The bakery attracted much attention and was well patronized.

Says Gerrit Smith: "Thank God for the cheering signs that the days of the Democratic party are numbered. With the reins in his hands four years longer, President Grant will make a finish of Ku Kluxism, and a finish of Ku Kluxism will be a finish of Democracy. Ku Kluxism and Democracy being one, will die one death and go into one grave."

The Paris correspondent of the *Daily News* thinks it probable that Father Hyacinthe's marriage will be followed by that of a large number of French priests, many of whom are, according to the *Patrie*, going to renounce publicly their vows of celibacy. The average number of priests in France who marry is, it appears, not less than from twenty to thirty a year.

The San Francisco *Chronicle* of the 24th inst., says: "Friedlander's immense warehouse at Salinas is completely filled with grain, and there are thousands of sacks still lying in the field, and a large quantity still remaining unthreshed. Should early rain set in, it would be difficult to find warehouse room, and therefore much damage would be done."

THE HOLLY SYSTEM.

The Secretary of the late Joint Committee of the Council and Citizens, on Water Supply, has handed us the following letter received by him from the President of the Holly Manufacturing Company, which we are certain will interest our readers:

Dear Sir: I have read with interest the report of your Committee on Water Works and also that of the engineer, Mr. Morris, a pamphlet copy of which I presume you sent me. In regard to the report of the latter I desire to make some explanatory statements.

He states that "there was a general dissatisfaction with the rotary engine" at Columbus, Covington and Peoria, the three places visited by him, "on account of its using up steam so fast." The rotary engine will not compare with a piston engine in economy. It is no necessary part of Holly's plan. It is used very generally as a reserve power, because it takes up but little room, costs less than a piston engine and is used only occasionally. In Buffalo, for instance, the engineer told me recently that he had run his rotary engine about what would amount to one day in the year. And so in other places, so far as I have knowledge the rotary is found very convenient for the precise service it is called upon to perform. I was not aware of the general dissatisfaction with it to which Mr. Morris refers, in the cities of Peoria, Columbus and Covington.

Mr. Morris states that in Columbus and Covington there were complaints about a deficiency of boiler power, and at both of these places "a new and larger boiler had been built." At Columbus one of the Trustees is a boiler maker, and the addition of one of his boilers is more due to this circumstance than the actual need of it. It is an entire mistake that a new boiler has been added at Covington, and I am at a loss to know how Mr. M. came to make the statement. The machinery as originally constructed is running with entire satisfaction. There is, however, a serious lack of water from the well, and this has suggested the building of another set of machinery to draw water from the river. Upon invitation Mr. Holly has recently visited Covington and given them a plan of connecting the present pumps with a river supply, and the work is now being done. When this is done no one, so far as I know, in Covington, will advocate the procuring "another entire set of machinery." The city of Columbus is growing with marvelous rapidity, and I have no doubt she will in her need of water go beyond her present means of supply. Already, at several other places have we been called upon to provide means for a supply beyond the calculation in the original construction. We do not know of a case, however, where this is complained of. On the contrary the expense is cheerfully incurred.

Mr. M. refers to the use of the fire alarm telegraph as a *substitution* of the water *alarm telegraph*. In towns of moderate size the water alarm is all sufficient, but inasmuch as it does not indicate *where* the fire is the electrical telegraph, as an additional precaution, is quite important, and always strongly advocated by us.

I regret that Mr. M. did not at either of the places visited by him, see the style and combination of work we are now turning out, and drawings of which I exhibited when in your city. It will favorably compare with other machinery in durability, I am confident. It embraces arrangements for the two fold service it has to perform, and hence it is not as simple as gravitation works, but I do not believe it is more liable to accident. It is more expensive to run, but this excess of expense is made up many times in the extra and efficient fire service it performs.

We do not claim that either Holly's plan or Holly machinery is perfect. We do say, however, with great confidence, that the plan is an improvement on gravitation method and that Holly machinery as now manufactured will favorably compare with that of the best manufactures in the land. I beg to cite a recent case in support of this opinion. The city of Norfolk, Virginia, matured her plan for gravitation works, and actually let the contracts for the construction. In negotiating her bonds in Baltimore, her officials came in contact with a banker who had placed some of the Indianapolis Water Works bonds and *had thus* become somewhat acquainted with Holly's new plan. This banker told the Norfolk Commissioners the plan was at least worth investigation, and he so impressed them by his statements that upon their return home they sent their engineer, Mr. Hambleton, (perhaps Mr. Morris may know him) on a tour of inspection. They had previously made themselves acquainted with the peculiarities and merits of other machinery offered them. This engineer made an examination far more thorough than Mr. Morris had the time to do—*including our latest style of work*. His report was so favorable that a second tour was made by the engineer and two of the commissioners, and upon the submission of their report the Board gave up their old plan and by an arrangement with the contractor directed him to make contract with the Holly company for machinery, which he has since done. In this we were passive, merely giving information as called for at our office and I do not see how such a result could have been brought about unless both plan and machinery compared favorably with all others.

I do not intend the above as a review or criticism of Mr. Morris' report, but rather, as already stated, explanatory on some points wherein I think his report, without these explanations, would lead to erroneous conclusions. The report itself impresses me with its ability and candor, and I think your Board may deem it fortunate that an engineer so competent has been secured to aid in the great improvement you have undertaken.

One of the Holly brothers will leave before the end of this week with working plans of the Sacramento Water Works. They are to be complete in six months from yesterday.

Yours truly,
T. T. FLAGLER, President.

The Sedalia, Mo., *Democrat* throws up the sponge. On Wednesday last it wrote: "The elections on yesterday point unanimously to the re-election of Grant and the down fall of the Republic. We were worse beaten than we would have been on a straight issue, and our downfall is doubly painful to us, from the fact that we have "sowed to the wind," and have nothing to reap. We have no heart to review the situation to-day. We can only say that we are beaten, demoralized and well nigh overthrown."

It is really painful to note the "dejected havior of the visage" of your average Democrat in these times. Hope and ambition alike seem dead within their hearts. They all look as if they were practicing for a funeral. We would endeavor to console them if we knew how. But we can't. We must sadly leave them "Plung'd in a gulf of dark despair."

There is to be a big game of cheating between the Democrats and Liberals in New York in November, according to the Albany *Journal*. The Greeleyites will generally cut Kernan or swap him off for a vote for Greeley, and the Democrats will swap off Greeley for Kernan. The whole thing was a cheat from the beginning.

The Greeley papers haven't coined any new slander or revived any old one since Tuesday's election. On the contrary, the *Tribune* has retracted one which previously it had persistently repeated. The crushing rebuke to slanderers seems to have taught them, though quite too late, the wisdom of decency.

History repeats itself. Greeley's prospects are hardly less brilliant than those of Cass in 1848, and somebody has revived John Van Buren's query to a leader of a Cass procession in that campaign: "Which way do you take the body home?"

Dr. Aborn at San Francisco.

DR. ABORN'S LABORATORY, CONSULTING AND Operating Apartments are now located in San Francisco, California, where he can be consulted personally or by letter. Medicines are carefully packed and shipped by express to all parts of the Pacific Coast and adjacent Territories. All letters or remittances, either by mail or express, will be received, if addressed

The Daily Oregonian.

WEDNESDAY MORNING OCTOBER 30 1872

A "Delegation" Got a Set back

The *Herald* has discovered a discovery It says the business men of this country have found out that Secretary Boutwell s financial policy is affecting the financial and business affairs of the country very injuriously and that the said leading business men are extremely uneasy upon the subject The readers of the *Herald* are further advised that this uneasiness about the finances of the country has worked itself up to such a point that a delegation of the anxious gentlemen residents of the city of New York inspired by a disposition to serve their fellow men recently called upon President Grant and asked him directly whether in case of his re election he would retain Mr Boutwell as Secretary of the Treasury, to which the President did not give a categorical answer, and therefore they asked him the same question the second time with a result equally unsatisfactory, and when they repeated the question the third time the President told them plainly that that was something which no one had a right to demand of him

The *Herald* embellishes this story with such an amount of indignant comment as the circumstances seem to justify, closing with the regular allusion to Long Branch fast horses and rat dogs

But for one or two material circumstances, not mentioned by the *Herald*, and the incorrectness of the main one of those that are mentioned, and the further fact that these "eminent business men of New York," whoever they may be, were simply impertinent meddlers, the *Herald's* complaint might be entitled to some little weight in discussing the question of President Grant's re-election

1 It is not true that the business of the country has been injuriously affected by Secretary Boutwell s financial policy On the contrary the financial basis of all our business has been rendered certain and safe by the steady and well regulated management of the Treasury The fluctuations of the money market have been but slight, except upon one occasion, and that was on the Black Friday when a thoroughly organized conspiracy effected a corner in gold which would have bankrupted and ruined a large proportion of the business men of the nation had not Secretary Boutwell come to the rescue Had the Treasury Bureau been in charge of a man of less ability and vigilance than Boutwell, during these three and a half years, we should have had more Black Fridays, more individual bankruptcies, and less national credit

2 It is not true that there is any distrust of the financial policy of the Administration among the business men of the country The merchants and bankers of the great cities are with few exceptions so well satisfied with the policy of the Administration, that they are the President's unwavering and avowed friends in the present contest It may be true that there are a few men of prominence in commercial circles who are not satisfied with the management of the Treasury, because that management has made it impossible for them to carry out some scheme to enrich themselves upon the fluctuations of the money market, but the business men of the country, as a class, not only are satisfied with the present management of the Treasury, but would view with undisguised distrust any material departure from that management

3. If any business man or any number of business men of New York City, have called upon the President and demanded to know whether, in case of his re election he would retain Secretary Boutwell, it is to the credit of the President's civility that he did not tell them it was none of their business, at once, and without waiting for the impertinence to be repeated a third time Probably this is the first time in the history of our country, when a President has been approached in such a manner. It has been supposed that the people chose the President and the President named his Cabinet But this self appointed delegation of "business men" of New York, each of whom in all probability, thought he, himself, would be a suitable person to succeed Boutwell, seems to have concluded to reverse the rule and make the choice of President a mere means by which to secure their preference for the Treasury budget

4 The truth is that the business men of the country would regard the accession of Horace Greeley to the Presidency as calamitous in the extreme, chiefly on account of his wild and visionary notions upon the finances of the nation.

The Difference on the Difference

The *Bulletin* whines one day and raves the next over our showing up the great disparity between freights on wheat in Oregon and in the East If the facts are unpalatable to the gentleman who owns the *Bulletin* and the railways and steamboats he has it in his power to bring about a less objectionable state of facts, by reducing freights to such figures as, all things considered, will be only a reasonable advance on Eastern prices We have never given a single quotation of Eastern freights except what we took from the most reliable commercial papers and the *Bulletin* has never offered a word of explanation of the enormous difference except some general suggestion about the greater cost of living in this country justifying higher freights Now the fact is, our breadstuffs and beef, two of the main articles of living, are much lower here than in the East, and there is little difference in the cost of most other articles of prime necessity The difference in cost of living, between Oregon and New York is a mere trifle, and by no means accounts for the difference on freights

The *Bulletin* plumes itself upon having at last found a place whence freights to New York cost more than from the Wallamet valley to Portland It quotes from the Omaha *Herald* to prove that freights on wheat from Omaha to New York—about 1 400 miles direct and over 1,800 by the lakes and canal—are higher than from Albany to Portland a distance of 75 miles That is altogether likely There ought to be some difference since the *distance is about twenty four times as great in that case as in this* But after all its Omaha quotations show that the Kansas farmer realizes more for his freight sending it by rail several hundred miles and by other transportation many hundred miles further than our farmers do who live *within less than one hundred miles of the sea port* Its trick of setting the New York quotations of wheat per *bushel* over against Oregon quotations per *cental* will not deceive intelligent persons Choice white wheat in New York is worth $1 80@$2 05 per bushel, as our quotations published on the 29th instant show It is worth less than $1 25 per cental here, which is equivalent to 75 cents per bushel

The *Bulletin* says it is impossible that our farmers pay more freights than those in the East for our farmers compete with them in the market It is impossible then that the people of any other section pay higher freights than we do for they compete with us This sort of shallow quibbling is of a piece with the whole of the *Bulletin's* performances on this freight question except when it goes into downright misrepresentation of the facts The *Bulletin* does not even reason logically when it manufactures its own premises out of whole cloth as it usually does Our farmers do compete with the upper Mississippi valley and Lake farmers but they do so by selling their grain at less than half the price their competitors receive Nothing but the astonishing fertility of our soil and the other natural adaptations of our State to wheat growing could enable our farmers to enter into competition with those of other portions of the country, with the immense freight charges against them

Another specimen of the *Bulletin's* method of reasoning is the following

> In the States the prices are all reckoned in currency while here they are gold but there is no difference to be reckoned on this difference because there *currency* is the basis while *gold* is the basis here There a paper dollar is a dollar, just as a gold dollar here is only a dollar

There is a very great "difference to be reckoned on this difference" Every person knows who knows anything that the difference of value between gold and currency is observed in the Eastern States just as it is here—indeed that the difference there governs here in quotations A dollar in gold is just as much better than a paper dollar in New York as it is here—allowing only for rates of exchange The proposition that currency in the East is just the same as gold here is even more shallow than that the fact of competition in the produce market is proof of the equality of freights paid by producers

We shall behold some more ground and lofty tumbling now in which the *Bulletin* will astonish everybody who is accustomed to witnessing its acrobatic feats of logic There is a "difference to be reckoned on the difference" in favor of the *Bulletin* every time when it comes to reasoning from premises that are wholly untrue to a conclusion that is wholly absurd

We are within less than a week of the Presidential election and yet little is doing on either side in the way of pushing the campaign actively throughout the State In a few localities there is some activity among the Republicans, but we hear of no demonstrations anywhere in favor of Greeley The straightout Democracy will have an electoral ticket in the field, and, from what we have been able to learn, will poll a very respectable vote—in all probability nearly as large as the Greeleyites If they had been in the field two weeks earlier they would poll more votes than the Fusionists As it is they will gain strength every day till the election, because the Democrats, seeing nothing but defeat in any event will be naturally disposed to act in such a way as will be most likely to restore and preserve their party organization Between a defeat with a candidate of their own party, and a defeat with a nondescript who has managed to juggle them out of their party organization, they will choose the former

There is no doubt about the State s going for Grant but we should all unite in making such a push as will swell the majority to the highest possible figure The prestige of this election may be useful to us in the next

In the National Board of Trade, in its recent meeting in New York, Mr. Chandler, of Boston, introduced resolutions of the Boston Board of Trade to the effect that federal supervision over emigrants should cease after they have passed through the custom house, and that subsequent treatment be left to the seaboard States and municipalities He was opposed to the establishment of an immigrant bureau because he was opposed to centralization He also read a resolution of the Boston Board condemning monopolies as oppressive to immigrants and all taxes direct or indirect on foreigners coming to settle here

We publish this morning the message of his Excellency the Governor, vetoing the act to create a Board of Immigration The Governor puts his objections upon constitutional grounds While we do not doubt that the veto is interposed under a sense of duty we confess to a strong conviction that the action of his Excellency is unfortunate, and that if the veto power had to be interposed simply to prevent the appropriations from exceeding the constitutional limit, it had been far better to let this bill stand and veto its equivalent out of the dozen other appropriation acts that were of less importance to the State

VETO OF THE IMMIGRATION BILL

The following is a copy of Governor Grover s veto of the Immigration bill

EXECUTIVE OFFICE SALEM OREGON,
October 28th, 1872

To the Honorable the Senate of the State of Oregon On full consideration of Senate Bill No 48, entitled "An Act to Encourage Immigration," I am unable to approve the same, for the following reasons

The Constitution provides, Article XI Section 7 The Legislative Assembly shall not loan the credit of the State, nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities, exceed the sum of fifty thousand dollars except in the case of war or to repel invasion or to suppress insurrection, and every contract of indebtedness entered into or assumed by or on behalf of the State when all its liabilities and debts amount to said sum shall be void and of no effect

Article IX Section 2 The Legislative Assembly shall provide for raising revenue sufficient to defray the expenses of the State for each fiscal year and also a sufficient sum to pay the interest on the State debt if there be any"

Article IX Section 6 "Whenever the expenses of every fiscal year shall exceed the income the Legislative Assembly shall provide for levying a tax for the ensuing fiscal year sufficient with other sources of income to pay the deficiency as well as the estimated expenses of the ensuing fiscal year

This bill appropriates $25 000 out of the Treasury for the purpose of inducing immigration, and its execution is placed in the hands of a Board composed of honorable and responsible citizens But however worthy the object and however well—guarded the Act the appropriation must be constitutional Our Constitution must be recognized as a living and energetic power firmly controlling all political authority when its clearly expressed provisions are justly applied The appropriations made at the late Legislature session aggregate the sum of $572 067 00 for the coming two years, to be met by revenues derived from taxation exclusive of the appropriations for immigration purposes

Those revenues cannot reach $500 000 But of the amount appropriated above stated the sum of $100 000 devoted to the construction of the State Capitol will be chiefly paid out of the military fund already accumulated while another portion of said appropriations are to be met by other fixed funds but not sufficient in amount to balance the outstanding Treasury warrants unpaid at the beginning of the present fiscal term

The late Assembly having taken no action to correct our defective mode of assessments or to provide for previous delinquents notwithstanding the creation of a State Board of Equalization the public revenues will not approximate the appropriations within the constitutional limit

This appropriation therefore cannot be sustained in view of the present condition of the Treasury

I would not contend for the narrowest rule of construction upon the fiscal limits of the Constitution but think the average balances should be less what is required by that instrument

L F GROVER

ADDRESS OF SENATOR CORBETT TO THE PEOPLE OF OREGON

To the People of Oregon You will soon again be called upon to decide who shall preside over the Nation for the next four years The history of the Republican party is written upon the bright pages of the past its record is one that cannot be obliterated its aims have been steadily pursued its principles and policy thoroughly vindicated and endorsed by the People Its opposition to the extension of slavery into free territory was endorsed by the election of Abraham Lincoln Rebellion followed The people devoted to the perpetuity of the Union and the preservation of these United States as a Nation rallied to its support In this trying hour Patriots from all portions of the north and west vied with each other in efforts to maintain the supremacy of our common Government All outside the secession States felt it was a life and death struggle for national existence Without victory we were liable to be broken up into small confederacies having no credit or power to cope with the great nations of the world or else to sink into the monarchical forms and absolute slavery to a privileged class

After a gigantic struggle and the sacrifice of hundreds of thousands of America s noblest sons our unity is maintained We are respected at home and abroad our credit is above reproach no taint of repudiation stains our escutcheon We maintain our dignity at home and enforce our rights abroad

With these great achievements our President had much to do A grateful people demanded his elevation to the Executive Chair of the nation He comes again as the representative head after four years of faithful service to ask the endorsement of the Administration of the Republican party and the work they have performed This work is great and a matter of record it cannot be obliterated

The party has been faithful to its many trusts and pledges Equality before the law and freedom have been secured to all Free homes have been secured to the needy at home and provided for the oppressed coming to our shores The soldier, the widow and orphan have been properly cared for the industries of the country stimulated and properly protected Our taxes from year to year have been gradually and greatly lightened, as fast as a prudent regard for the revenue would permit Proper provision for payment of the interest upon our public debt has been made While this has been done, strict economy has been enforced A system for the more faithful collection of the revenue has been instituted and practiced From whisky alone there is now collected about fifty million dollars per annum, whereas under the previous administration, there was only collected twelve to sixteen millions

Our national debt has during the Administration of President Grant, been reduced over three hundred and fifty million of dollars The annual interest at the same time has been reduced twenty three million of dollars During the last session of Congress, the duties upon imports were greatly reduced and so adjusted as to affect our labor as little as possible, and to keep the manufacturing and industrial interests of our country in full motion Those reductions, together with the repeal of internal revenue including stamp taxes repealed, amount to about fifty million of dollars annually During the past four years we can add to this other reduction of taxes amounting to about one hundred and fifty million dollars annually

The States lately in rebellion are once more represented in our national councils and laws have been enacted and are being enforced to protect the life and property of the humblest citizen in the land Outrages incident to so great a change in the South, required to be treated in the most firm, but conciliatory manner The President has proven himself fully equal to this emergency and deserves the commendation of all The condition of society was such at the close of the rebellion, that the natural tendency of the people in the southern States was to enact laws oppressive to the freedmen and with a view, practically to reenslave them This condition of things had to be met As far as practicable, a system of schools was established, under the auspices of the Freedman's Bureau to prepare those people for their new responsibilities An issue finally presented itself, and a choice had to be made for four million human beings the question being, shall we place the ballot in their hands, in order that they may protect themselves ignorant and unprepared as we believe they are, or shall we allow them practically to be again enslaved The Republican party could not hesitate as between the two With the ballot and such learning as they could obtain, it was thought they could protect themselves the result of which is that both political parties now seek their votes, and both legislate for their protection The effect is freedom peace and prosperity for the South, and human slavery is blotted, not only in law, but in fact from those States lately in rebellion The duty of the Republican party in this case was plain, and it met the great responsibility. Probably under no other circumstances would the right of suffrage have been extended to a class with no greater preparation The result, however, has more than met the most sanguine expectations of the people While in some cases advantages have been taken of their ignorance, in the main their action has been creditable In this the Republican party acted for the good of the nation Its efforts for restoration in other respects have been crowned with marked success

The nation has greatly assisted in opening our vast territory by grants of land for railroad purposes and for internal improvement thereby bringing our new settlers in closer proximity to market for their products A great national highway has been constructed from the Atlantic to the Pacific For this we are indebted to the progressive ideas of the Republican party In our own State similar enterprises have been greatly aided by liberal grants of land Our rivers have been improved our coasts surveyed lighthouses established and other public buildings erected Peace has been preserved with the Indian tribes, and the life and property of our citizens have been protected by watchful care and a liberal distribution of troops General prosperity has prevailed throughout the land

Why should we have a change? Can we better our condition? Will the general good be subserved Frequent changes of laws and of policy are of great detriment to the welfare of the people Unless there be something shown radically wrong—that the policy being pursued is greatly to the injury of the people, that our prosperity will be greatly increased by a change—none should be made

While Mr Greeley formerly worked in his peculiar way for the Republican party, he never was trusted as a leader He was too erratic and uncertain From demanding at the commencement of the war that the Southern States be allowed to depart in peace he changed in a few days to his famous policy of On to Richmond The attempt to carry out this policy before our armies were prepared for such a movement cost us our first great defeat His advocacy of the resumption of specie payment without preparation—"*The way to resume is to resume*"—is another example of his crudity and unfitness in the eyes of the business community to occupy the Presidential chair No man can safely be intrusted with this place and its great power who by the adoption of a crude financial idea might bring ruin upon a whole nation destroying confidence and bringing to a stand still all its industries and to beggary many of its people On the contrary we have the past success of four years of President Grant s Administration as a guarantee for its future Add to this the integrity of the Republican party through twelve years of its supremacy its achievements its steadfast adherence to principle to the rights of all from the lowliest to the highest in the land its policy and its success in bringing to us, as it has prosperity and happiness, and who can say with truth a change will be for the better? Who can but fear in the change proposed financial ruin and national disaster

Then let us all rally to the support of the Republican party where we have found safety in the past and have a guarantee for the future.

H W CORBETT

Portland, Oct 30, 1872

WEDNESDAY MORNING, OCTOBER

CITY.

DIVERTING —An amusing sight was yesterday afternoon on Taylor street by of a couple of drunk men Both were icated that they were obliged to walk ar to be able to walk at all The mutual rendered each other enabled them to kee the mud Every few rods one would lose ance and down into the mud he would ro comrade would carefully raise the fall adjust him properly on his pedestals, and him that he was drunk and must exercis degree of caution In a moment the oth would measure his length in the gutter assisted to a perpendicular position by rade He in turn would admonish his fri he must go " asey " The ludicrous specta a crowd about the heels of the worthies, police swooped down and gobbled up th and gathered them in their fold

ORGANIZED —The various British Colon jects residing in the city met in the room Portland Library Association last evening purpose of organizing a society for the their countrymen who may happen to be ken by misfortune, or be in distressed stances in this port They formed a so electing officers as follows Edwin Russe ident, John Wilson, Vice President and urer, Walter W. Gollin, Secretary. Th ing adjourned to meet at the same plac 15th of November at half past seven P. which time all British or Colonial subje ding in Portland are invited to attend. tribution to forward the object in view thankfully received by Mr. John Wilson, Vice Consul, at his office on Front street.

RALLY LAST NIGHT —A large crowd sent last evening at the court house, con the unpleasantness of the weather. Hon. Caples, by previous announcement, addre meeting Mr Caples delivered a lengt able speech, setting forth in a clear, logic ner the principal reasons why Presiden should be re-elected He discussed the lo national issues of the day with his usual and in an able manner The applau hearty and frequent, and the enthusiasm The East Portland band were in attenda discoursed some animated airs. Anothe rally this evening.

HORSE INJURED —A large horse attach dray was severely injured yesterday at th street ferry. The driver urged the horse boat on to the plank roadway, before th had ceased to move. The planks were slippery and the horse slid back One of mal's feet were caught under the apron and ly injured. The boat was backed as qui possible, in doing which the hoof was scra the shoe partially torn off The leg broken, but the animal will be unfit for for some time to come

TO THE YAMHILL —The track on the Central Railroad has been laid to a poin a few hundred yards of the classic water Yamhill The track does not quite reach pot at St Joe Construction trains hav and still are running to the end of the trac track has been placed in good condition, a ular passenger trains will be running thro St Joe by the first of the month, or such present intention of the company. A ch the schedule time can shortly be expected.

COAL —Eight tons of coal were brought city yesterday on the *Fannie Troup*. Th was taken on board from a lead recently ered on the Cowlitz river, by J. B Montg It was shipped by rail to Kalama and from by boat to this place. The coal is said to an average quality and is found in great dance Should the article prove good and the manufacture of gas, the facilities fo portation are such that it can be placed market at a low figure

ANTLERS —At the office of Messrs. F Woodard, can be seen a magnificent pair (ttler's. The animal which bore this nob of horns aloft, was killed in the Nehalem last summer. The antlers are more than f high, and have six points on each prong. weigh thirty five pounds This valley mu fertile spot for extraordinary growths, if th of elk horns constitute an average sp

REMEMBER THE SPEAKING —The publi er in mind that another grand rally w place at the court house this evening. N Dolph will address the meeting. The ance of the occasion, and the known abil the speaker, should constitute a sufficient ment to attract a large crowd Let ther to attend The ladies are invited e ly Music will be provided as usual.

TRIAL —The case of Bird, charged wi crime of shooting and killing an officer at over two years ago, and which has att much attention in both civil and military having once been tried by court martial a offender sentenced to be shot, is now on Vancouver, in the District Court, by Greene The trial consumed all of Monda greater portion of yesterday.

ELECTED —The Board of Trustees of Portland, held an election as authorized City Charter, last Monday evening for the ing officers One City Marshal, one City Sur one Street Commissioner. The following were elected John W Clayton, Marshal, Johnson, City Surveyor, and N Clinton, Commissioner. Each officer to hold the po for the term of one year

CHURCH ORGAN —The new church orga longing to the Trinity parish, which arri Willows on the last steamer, will not be put u the arrival of several large pieces of plat The windows near the place to be occupied organ, have not yet been inclosed, and can until the glass arrives The glass was from England some months ago, but no tidin been received of it yet.

FARMING —The farmers of Yamhill coun are at present busily engaged in p and making arrangements to sow their Most of the fallow plowing ended some tim and early sown fall crops are coming up an green and thrifty The amount of acreage crops next year, will exceed that of the year by a large per cent. Farmers are put unusually large crops.

RACING —The steamers *Vancouver* and *Fannie Troup* engaged in a spirited race last M as the two were on the way to this city. *Fannie Troup* rather distanced the *Vanc* but those of the latter boat claimed that th was nearly broken, and only seventy of steam were carried during the race, whic counts for being beaten

DETAINED —The steamer *John L Stephe* not cross the bar until last Sunday m although she sailed from this port Friday ing The cause of the detention was the fog which hung about the bar, shutting view and rendering the outward passage She waited some for the clouds to lift away take advantage of the tide.

REGULAR TERM —The regular Novembe of the United States District Court, will co according to law, next Monday, the 4th. sequence of the Presidential election, the will not meet until the following day. A Grand Jurors have been summoned to inve whatever cases may come up before them.

COMPROMISED —The case of young charged with assaulting a young man last day with a knife, was not tried in the Court yesterday morning A charge of was preferred and the matter compromised defendant paying all the costs. The ca withdrawn and the defendant discharged

MOTION ARGUED —Application having made for a new trial in the case of the tried and convicted of the crime of robbin stage last July on the Canyon City road, counsel for the defense Judge Deady has se to-day for hearing the argument on the mot the U S District Court

LOAD OF WHEAT —Last evening af steamer *Dixie Thompson* arrived, she went Flanders' wharf and there took on board wheat. This wheat will be placed on *Loch Dee* now lying at Astoria, awaiti remainder of her cargo for Liverpool

INSPECTED —Capt Flanders and James went to the Dalles Monday morning to inspe boilers and hulls of the steamers *Tenino* and They returned to the city last evening

The Daily Oregonian.

WEDNESDAY MORNING, OCTOBER 30 1872

CITY.

Diverting.—An amusing sight was witnessed yesterday afternoon on Taylor street by the antics of a couple of drunk men Both were so intoxicated that they were obliged to walk arm in arm to be able to walk at all The mutual support rendered each other enabled them to keep out of the mud Every few rods one would lose his balance and down into the mud he would roll The comrade would carefully raise the fallen hero adjust him properly on his pedestals and remind him that he was drunk and must exercise a good degree of caution In a moment the other fellow would measure his length in the gutter and be assisted to a perpendicular position by his comrade. He in turn would admonish his friend that he must go 'aisey' The indicrous spectacle drew a crowd about the heels of the worthies until the police swooped down and gobbled up the chaps and gathered them in their fold

Organized.—The various British Colonial subjects residing in the city met in the rooms of the Portland Library Association last evening for the purpose of organizing a society for the relief of their countrymen who may happen to be overtaken by misfortune, or be in distressed circumstances in this port They formed a society by electing officers as follows Edwin Russell President, John Wilson, Vice President and Treasurer Walter W Gollin, Secretary The meeting adjourned to meet at the same place on the 12th of November at half past seven P M, at which time all British or Colonial subjects residing in Portland are invited to attend Any contribution to forward the object in view will be thankfully received by Mr John Wilson, British Vice Consul, at his office on Front street

Rally Last Night.—A large crowd was present last evening at the court house considering the unpleasantness of the weather Hon John F Caples, by previous announcement, addressed the meeting Mr Caples delivered a lengthy and able speech, setting forth in a clear, logical manner the principal reasons why President Grant should be re-elected He discussed the local and national issues of the day with his usual fluency and in an able manner The applause was hearty and frequent, and the enthusiasm general The East Portland band were in attendance and discoursed some animated airs Another grand rally this evening.

Horse Injured.—A large horse attached to a dray was severely injured yesterday at the Stark street ferry. The driver urged the horse off the boat on to the plank roadway, before the ferry had ceased to move. The planks were wet and slippery and the horse slid back One of the animal's feet were caught under the apron and severely injured. The boat was backed as quickly as possible, in doing which the hoof was scraped, and the shoe partially torn off. The leg was not broken, but the animal will be unfit for service for some time to come.

To the Yamhill.—The track on the Oregon Central Railroad has been laid to a point within a few hundred yards of the classic waters of the Yamhill The track does not quite reach the depot at St Joe. Construction trains have been and still are running to the end of the track The track has been placed in good condition, and regular passenger trains will be running through to St Joe by the first of the month, or such is the present intention of the company A change in the schedule time can shortly be expected

Coal.—Eight tons of coal were brought to this city yesterday on the *Fannie Troup* This coal was taken on board from a lead recently discovered on the Cowlitz river, by J B Montgomery It was shipped by rail to Kalama and from thence by boat to this place. The coal is said to be of an average quality and is found in great abundance. Should the article prove good for fuel and the manufacture of gas, the facilities for transportation are such that it can be placed in the market at a low figure

Antlers.—At the office of Messrs Ferry & Woodard, can be seen a magnificent pair of elk's antlers. The animal which bore this noble head of horns aloft, was killed in the Nehalem valley last summer The antlers are more than four feet high, and have six points on each prong They weigh thirty-five pounds This valley must be a little spot for extraordinary growths, if this pair of elk horns constitute an average specimen.

Remember the Speaking.—The public will bear in mind that another grand rally will take place at the court house this evening. Hon J N Dolph will address the meeting The importance of the occasion, and the known abilities of the speaker, should constitute a sufficient inducement to attract a large crowd Let there be no failure to attend The ladies are invited especially Music will be provided as usual

Trial.—The case of Bird, charged with the crime of shooting and killing an officer at Sitka, some two years ago, and which has attracted much attention in both civil and military circles, having once been tried by court martial and the murderer sentenced to be shot, is now on trial at Vancouver, in the District Court by Judge Greene The trial consumed all of Monday and a greater portion of yesterday

Elected.—The Board of Trustees of East Portland, held an election as authorized by the City Charter, last Monday evening for the following officers One City Marshal, one City Surveyor, one Street Commissioner The following persons were elected John W Clayton, Marshal, O B Johnson, City Surveyor and N Clinton, Street Commissioner Each officer to hold the position for the term of one year

Church Organ.—The new church organ, belonging to the Trinity parish, which arrived in Portland on the last steamer, will not be put up until the arrival of several large pieces of plate glass The windows near the place to be occupied by the organ, have not yet been inclosed, and can not be until the glass arrives The glass was ordered from England some months ago, but no tidings has been received of it yet

Farming.—The farmers of Yamhill county, we learn, are at present busily engaged in plowing and making arrangements to sow their crops Most of the fallow plowing ended some time ago, and early sown fall crops are coming up and look green and thrifty. The amount of acreage of the crop next year will exceed that of the present year by a large per cent Farmers are putting in unusually large crops

Racing.—The steamers *Vancouver* and *Fannie Troup* engaged in a spirited race last Monday, while the two were on the way to this city The *Fannie Troup* rather distanced the *Vancouver* but those of the latter boat claimed that the crank pin was nearly broken, and only seventy pounds of steam were carried during the race which accounts for being beaten

Detained.—The steamer *John L Stephens* did not cross the bar until last Sunday morning, although she sailed from this port Friday evening. The cause of the detention was the dense fog which hung about the bar shutting out the view and rendering the outward passage unsafe She waited some for the clouds to rift away and to take advantage of the tide

Regular Term.—The regular November term of the United States District Court, will convene according to law, next Monday, the 4th In consequence of the Presidential election, the court will not meet until the following day A list of Grand Jurors have been summoned to investigate whatever cases may come up before them

Compromised.—The case of young Brown charged with assaulting a young man last Saturday with a knife, was not tried in the Police Court yesterday morning A charge of assault was preferred and the matter compromised by the defendant paying all the costs The case was withdrawn and the defendant discharged

Motion Argued.—Application having been made for a new trial in the case of the parties tried and convicted of the crime of robbing the stage last July on the Canyon City road by the counsel for the defense, Judge Deady has set apart to-day for hearing the argument on the motion in the U S District Court

Load of Wheat.—Last evening at er the steamer *Dixie Thompson* arrived, she went down to Flanders' wharf, and there took on board a load of wheat. This wheat will be placed on board the *Lock Dee*, now lying at Astoria awaiting the remainder of her cargo for Liverpool

Inspected.—Capt Flanders and James Loten went to the Dalles Monday morning to inspect the hulls and boils of the steamers *Tenio* and *Onej*. They returned to the city last evening

Two Companies.—The steamship *John L Stephens*, on her last trip down, carried away two companies of United States troops from Fort Stevens These troops have been transferred to some point east and their place at the fort will soon be supplied by a company from below

Due.—The bark *Welfoot* and schooner *Alice Haake* are due at this port from San Francisco—the former having been out 8 days and the latter 12 The vessels reported off the bar are probably these sailers

Vessels Off.—At last accounts from Astoria two vessels were seen standing off the bar Owing to the prevalence of dense clouds of fog the vessels could not be identified, and the tug would not venture out

New Hotel.—A large and commodious Hotel is in process of construction at the little town of Gaston The building will be ready to accommodate the public in the course of a few days

Arrived.—The steamer *Oriflamme* arrived at port last evening from San Francisco with a large freight, 19 cabin and 40 steerage passengers

LOCAL BREVITIES

Prepare for the taxes

Common Council this evening

Night rallies at the court house

Dark and disagreeable last night

Thermometer yesterday 43°, 48° 48°

Oysters are the most favorite dish at present.

The County Court will convene on next Monday

The mails came last evening in a damp condition having been exposed to the late rains

A new article of feminine adornment is a solid metal ring opening on hinges, to be worn as a girdle

The "Horse Epidemic," it is said, has concluded to "Go West." Portland should look out for the horses

The gentle maids and matrons of the forest are industriously peddling fish and vegetables to housewives

A row of cleats have been nailed on the road way from the foot of Stark street to Front, for the accomodation of teams

Thanksgiving is moving a pace, and now is heard the dulcet warbling of the goose and the musical notes of the turkey

PERSONAL

Frank Hodgkins, of the Salem *Statesman* is in the city

J M Dormer, formerly of this city, has taken an interest in the *Signal*, Lewiston, I T

Prof C B Plommer convulsed the people of San Jose with laughter, last Monday evening

Hon. Ben Simpson called upon us yesterday, He says his Lock Bill was a good thing, if it did fail.

Mr. Wm. Ellerton, well known as an actor in this city, is now playing at the Metropolitan Theatre, San Francisco

Mr Chas. Moller, of the firm of Moller & Co this city, has been absent for some time past in the eastern part of the State

Samuel Guthrie, Superintendent of Inspection for this coast, who arrived on the last steamer is on an official visit to the Sound.

Rev W R Joyslin, who has been Secretary of the Young Men's Christian Association for some time, will take his departure for his old home in Massachusetts, on the *Oriflamme* He goes to remain permanently His family will accompany him.

Carl Bosco, who is bound eastward, gave exhibitions at Walla Walla, on the 22d, 23d and 24th He stopped at Lewiston and Lapwai, I T, Waitsburg and Dayton, and was to return to Walla Walla and give an exhibition for the benefit of the Fire Department of that place, on the 2d prox

THEATRICAL.

Wilson's Circus will appear in Jacksonville on the 2d of next month.

Arthur Gregory, one of the Gregory Family, is with the Matthew Family, now performing in the East

Dick Brown who was here with "Donnison's Opera Troupe" many years ago, was performing at Salt Lake City, recently He writes, to inform Oregon friends, that he is now in Virginia City, Nevada

The reproduction of "Early California" drew another large audience at Oro Fino Theater last evening This sensational play appears to be gaining in public favor. The same play will be offered again this evening

BUSINESS NOTICES.

The Steinway Piano.—It will surprise many to learn that sixty Steinway Pianos are turned out per week at the manufactory. The supply does not meet the demand and new improvements are constantly being made This widely known piano is offered to the public on very reasonable terms at the agency Gray's music store Mr DePrans, manager will be happy to wait upon all who call

The Locks Bill Water Works Bill Litigant Bill, Police Bill and other bills, are attracting general attention throughout the State You can do no better than buy a bill of goods at J O Neil & Co.'s. Their fall and winter goods are open for inspection An excellent stock indeed, The prices are moderate You can depend upon getting clothes to fit at this house Need anything more be said? No The place is 93 First street

Epicureans will find at Stalls Nos 10 and 11, Central Market a very choice lot of game, fish and poultry Quinn who continues to dispense these luxuries at the Union Market Washington street presides over those Stalls and that is all that need be said to induce every one to call

Very little time remains for you to decide whether you are going to vote for Grant or Greeley This however need not disturb your mind in the least as you will certainly decide the moment you gaze upon that elegant stock of new fall and winter goods lately opened at Fi... & Roberts to have them take your measure for a suit While there examine the latest styles in gents furnishing goods Youths can be accommodated with neat fitting suits at this house

The old saying is, What everybody says must be true, and everyone says that Beck & Waldman have the largest and best selected stock of the latest styles and patterns in gents and men's Clothing and Furnishing Goods in the city of Portland They have the largest variety of Boys, Youths, and Childrens Suits, all which will be sold according to the times Please call and satisfy yourself that we will not be undersold by anyone

BECK & WALDMAN

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid. it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Beautiful Woman.

HAGAN'S MAGNOLIA BALM gives to the Complexion the Freshness of Youth.

Hagan's Magnolia Balm overcomes the flushed appearance caused by heat fatigue and excitement I makes the lady of forty appear but twenty and so natural and perfect that no person can detect its application By its use the roughest skin is made to rival the pure radiant texture of youthful beauty It removes redness blotches and pimples It contains nothing that will injure the skin in the least

Magnolia Balm is used by all fashionable ladies in New York London and Paris It costs only 75 cents per Bottle and is sold by all Druggists and Perfumers

GENERAL NOTES AND NEWS.

A Kansas girl was fatally boiled in a sorghum evaporator recently.

The story that Schuyler Colfax is to become an editor of the *Tribune* is emphatically denied.

Grain thieves abound in the vicinity of Mokelumne station. They ought to be sacked

During the past three months fifty-four thousand emigrants sailed from Liverpool for America.

E. P. Sykes, late publisher of Pomeroy's *Democrat*, announces the severance of his connection with that journal.

The St. Louis *Globe* has been sued for 100,000 damages for publishing a dispatch furnished by the American Press Association.

Jack Hays, the celebrated Texas ranger, is endeavoring to get rid of an income of over two hundred thousand dollars per annum in Alameda, Cal.

Severe frosts have occurred throughout the South and West, and snow storms are already reported from various points, forcible reminders that winter is at hand.

The Democrats and Liberals of Ohio are denouncing each other in unmeasured terms. The best of the joke is that each party deserves all that the other says of it.

It is reported that two-thirds of the priests in Paris are ready to follow Hyacinthe's example—as soon as they can find the essential American widows with $75,000 apiece.

During the past summer vast herds of sheep and goats have pastured upon the Sierras at an elevation of 9,000 feet above the sea, and never were animals kept in better condition of health and flesh.

Oshkosh, Wis., has an Enoch Arden, who didn't look into the window, go off and pine away in secret or perish with a broken heart as did that poor coot of Tennyson's. This one means business, and says he'll "make it hot for 'em."

It was said recently that for a year past a house has been built in Chicago every hour of every working day. Noting this statement, the Philadelphia *Inquirer* says that during this activity in Chicago, a house has been finished in Philadelphia every twenty-nine minutes.

The terms of twenty-four United States Senators will expire on the 4th of March next. Eight States have already chosen successors, resulting in six Republicans and two Democrats—no change politically. Indiana and Pennsylvania may be regarded as equally settled, leaving elections yet to occur in Alabama, Arkansas, Florida, Georgia, Illinois, Kansas, Louisiana, Missouri, Nevada, New York, North Carolina, South Carolina, Vermont and Wisconsin. The Republicans may lose in Alabama, Georgia, Louisiana and North Carolina, and will gain one in Illinois by the defeat of Trumbull, Coalitionist—the other States remaining unchanged.

A correspondent of the London *Times*, writing under date of September 3, says: "We have no news this week at all to be compared in importance with the sudden and alarming outbreak of cholera in so many different parts of the country. I have telegraphed you of several bad cases, but they are increasing in number rapidly, and, in some instances, the disease is of the most malignant type. Up to August 24 we had a total of 227 European deaths, in connection with the army—161 soldiers, 21 women and 43 children—0 of whom were of the Lahore garrison. The disease has again broken out in Her Majesty's Sixty-fifth Regiment, and preparations are being made to send the troops into camp at Rawul Pinde. Also a fatal form of cholera exists among the poorer natives. Its ravages are terrible, but no power of man could chronicle them."

FINANCE AND COMMERCE.

TUESDAY EVENING, Oct. 29, 1872.

Gold in New York to-day, 113¼.

Portland Legal Tender rates, 88c buying; 89 selling.

Average California Wheat in Liverpool, 12s 6d; Club Wheat, 13s 4d.

It was once thought that the opening up of a trade with China and Japan would afford a good, reliable and comparatively convenient market for much of the surplus Wheat of the Pacific coast, but it seems that the "teeming millions" of these countries are but sorry patrons of our dealers, and at present rates one would sooner think of sending coals to Newcastle than shipping either Wheat or Flour to China or Japan. Hongkong advices of September 21st quote California Flour at $1 05@1 15 ℔ 50 ℔ sacks, and $5@5 ℔ bbl; Wheat $2 20@2 45; showing that an adventure in that direction would be seriously unprofitable to shippers.

The surplus Wheat of California will come near supplying half the amount demanded in the United Kingdom this year, and the aggregate of receipts at British ports from other sources have already exceeded by far the quantity usually in at this period of the year. Thus we feel a little discouraged at the prospect before the producers on this coast for the profitable disposal of the great amount which is yet on hand.

Serious apprehension exists in England concerning the threatened scarcity of Coal, and prices have been considerably advanced in consequence. Mining companies in Belgium are unable to execute their English orders, owing to the difficulty of obtaining miners, and a further advance has resulted. The United States will by this means become less dependent upon British products, and eventually there will be a "triumph of American skill and enterprise in manufactures, together with an amelioration of the condition of labor, already in an immeasurably better condition than in England."

The New York *Shipping List* of October 11th notices the arrival of three British steamers via Suez Canal with Tea from China, the longest passage being only 68 days, including five stoppages on voyage for coal. The cargoes were delivered in splendid order, and the cost of freight was less by from 2½@3c ℔ lb in gold than by the Pacific Mail Steamship Co. and the Pacific Railroad. There are three more steamers en route, and if these prove as successful as those already arrived, "it may be conceded that the route via Suez is a success, and will in future secure the greater part of the traffic, unless the rates of freight by the other route are materially reduced, and the vexatious delays to which shipments by rail are subjected done away with."

It is believed that the Suez route would command nine-tenths of the business if could be made profitable at a uniform rate of about £4. If the canal tolls were reduced it would become "almost an absolute certainty." Later advices state that the rate per steamer from China to New York, via Suez Canal, has been reduced to £4 10s. The same paper adds: "This should serve as an admonition to the Pacific Mail Company and the Overland Railroad managers."

Thus we see that the high rates for transportation have been in more than one instance the bane of commerce on this coast, and the channels through which it seems trade would naturally flow are blocked by enormous freight charges. When or how relief in this matter is to come we know not, but one thing seems inevitable, and that is, that until this relief does come we are to experience the consequences now so prevalent throughout the entire coast. Our commercial affairs at almost a stand-still, our treasury empty, and our surplus products lying unmarketed in our fields and storehouses These effects are felt all over this coast, as they have been at times for years past, and never more so than during the present season.

Local finances present no new aspects, the prevailing stringency continuing without noticeable abatement. The close of the month may find some who are unable to meet all their liabilities with a readiness which is indicative of a healthfulness in trade, but no material disaster is anticipated.

Wheat is still coming forward by boat and rail, in considerable quantities, and more than supplies the demand of purchasers at the extremely low rates prevailing. No more than $1 85 ℔ 100 lbs, with sacks, is now offered, and buyers seem offish at that. The quantity arriving by wagons has decreased, owing to the recent rains rendering the roads worse, and softening the ground so that farmers can better or more profitably put in their time in preparing the soil for another crop

General Merchandise.

AGRICULTURAL IMPLEMENTS—Plows — Moline, 10 to 14 inch cut, $16@17 50; Peoria, 10 to 14 inch cut, $14@16 50; Collin's B 12 and C 3, $19; Collin's Cast Cast-steel, $13 50@23 Grain Drills—Buckeye, 9 and 10-hoe, $110@125, do with broad cast attachment, $5 extra. OREGON
Business Directory!

THE UNDERSIGNED WILL COMMENCE SOLICITING for a
Business Directory of the State
OF OREGON in a few days; and, to make it successful, respectfully request the co-operation of all persons interested in the welfare of the country. The State has now reached that position when a yearly summary of her progress is necessary, hence the value of a work which will, in a condensed form,

COMBINE ALL MATTERS OF PUBLIC INTEREST.

The work in contemplation will embrace a

General Sketch of the State,

ITS PHYSICAL ASPECTS,
GEOLOGY,
CLIMATOLOGY,
BOTANY,
ZOOLOGY,
COMMERCE,
MANUFACTURES,
SOCIETIES,
PUBLIC BUILDINGS,
PRODUCTIONS,
And all other subjects on which information is required.

The work will be illustrated with sketches of some of the leading prominent scenery of the State, and its compilation will be under the charge of J. MORTIMER MURPHY, Esq., whose recent work on Washington Territory has been highly commended by the press and public.

THE BUSINESS DIRECTORY OF EACH TOWN AND CITY WILL BE COMPLETE;

And that, with sketches of each place, should make it invaluable to the Merchant, Farmer and Mechanic.

AS AN ADVERTISING MEDIUM, it will be THE BEST yet introduced in the State, as it will be of such importance that it will always be retained in a prominent position for reference.

THE RATE OF ADVERTISING will be as follows:

ONE PAGE	$20.
HALF PAGE	10.
CARD	5.

Advertisers taking one page will receive a copy of the book gratis.

PRICE of work will be ..... $2.50.

The book will be distributed on every route of travel and public place in the country.

S. J. McCORMICK, Publisher,

To Sufferers:

THE ABOVE ESTABLISHMENT HAS BEEN opened for the treatment of all Chronic and Private Diseases, in males as well as females, where all who are suffering from any of those dreadful ailments can find relief.
Young men having weakened and injured their constitutions by secret habits, need have no fear in calling and consulting me, as all communications are strictly confidential and sure of a permanent cure where treatment is followed.
Special attention given to the treatment of stricture, and to all who are suffering from such, I can warrant a cure.
Diseases of the Kidneys, Bladder, Piles, Dropsy, Cancers, and all other ailments successfully treated.
To Ladies who are dragging out a life of misery, on account of debility, sterility, menstruation and many other diseases peculiar to the sex, can find relief by calling
The celebrated FEMALE REGULATOR PILLS sent free by mail to any address on receipt of $5 00 per box. Certain and safe in all cases
Office consultation free of charge All communications strictly confidential. Office hours, 11 A. M. to 4. P. M., and 7 to 9 P. M. DR C. G. GLASS

TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES
Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.
The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to DR GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the faces, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.
DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.
All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary dme of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy to work at their trades, Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—It will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his offices of his ability to treat diseases that he proposes to cure.
Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1,957.
REMEMBER TO PUT BOX 1,957 ON THE LETTER.
Consultations FREE.
☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*
ly6dsn

$1,000 REWARD
FOR AN
Incurable Case!
DR. LE RICHAU'S
GOLDEN BALSAM!
After ten years' trial on this Coast has proven itself the only curative in a certain class of diseases pronounced by medical practitioners as incurable.

Dr. Le Richau's GOLDEN BALSAM No. 1
cures Chancres first and second stages; Sores on the Legs or Body; Sore Ears, Eyes, Nose, &c; Copper-colored Blotches, Syphilitic Catarrh, Diseased Scalp, and all primary forms of the disease known as Syphilis. Price, $5 per bottle, or two for $9.

Dr. Le Richau's GOLDEN BALSAM No. 2
cures Tertiary, Mercurial, Syphilitic Rheumatism, Pains in the Bones, Back of the Neck, Ulcerated Sore Throat, Syphilitic Rash, Lumps and Contracted Cords, Stiffness of the Limbs, and eradicates all diseases from the system, whether caused by indiscretion or abuse of mercury—leaving the blood pure and healthy. Price, $5 per bottle, or two for $9.

Dr. Le Richau's GOLDEN SPANISH ANTIDOTE, for the Cure of Gonnorrhœa, Gleet, Irritation, Gravel, and all Urinary or Genital disarrangements. Price, $2.50 per bottle.

Dr. Le Richau's GOLDEN SPANISH INJECTION, a wash and injection for severe cases of Gonnorrhœa, Inflammatory Gleet, Strictures, and all diseases of the Kidneys and Bladder. Price, $1 50 per bottle.

Also Agents for DR. LE RICHAU'S GOLDEN PILLS for Seminal Weakness, Night Emissions, Impotency, and all diseases arising from Masturbation and excessive abuses. Price, $3 per bottle. The genuine GOLDEN BALSAM is put up only in round bottles.
On receipt of price, these medicines will be sent to all parts of the country, by express or mail, securely packed and free from observation. Sole Agents,
